

**Before you start saving with a Traditional or Roth IRA, you may have some basic questions. The answers will help you distinguish the differences between each.**

**Can I contribute?**

**Roth IRA**

You are eligible to contribute to a Roth IRA if you earn compensation or file a joint tax return with a spouse who earns compensation, and your modified adjusted gross income (MAGI) is less than or within the defined limits.

**Traditional IRA**

You are eligible to contribute to a Traditional IRA if you earn compensation or file a joint tax return with a spouse who earns compensation. Starting with the 2020 tax year, you may make a contribution at any age.

**How much can I contribute?**

Depending on your MAGI, you may be able to contribute up to \$6,000 for 2022, or \$7,000 if you are age 50 and older and \$6,500 for 2023, or \$7,500 if you are age 50 and older. Regular contributions to both Traditional and Roth IRAs in aggregate cannot exceed these limits, and contributions cannot exceed your annual compensation.

You can contribute up to \$6,000 for 2022, or \$7,000 if you are age 50 and older and \$6,500 for 2023, or \$7,500 if you are age 50 and older. Contributions cannot exceed your annual compensation.

**Can I take an income tax deduction for my contribution?**

Roth IRA contributions are not tax-deductible.

Whether your Traditional IRA contribution is deductible on your federal income tax return depends on your marital and tax-filing status and whether you or your spouse actively participate in an employer-sponsored retirement plan. If neither of you is an active participant, you are eligible to deduct your full contribution. Otherwise, you'll need to refer to the MAGI limits for deductibility to determine how much you can deduct.

**What is MAGI?**

MAGI is your adjusted gross income before a Traditional IRA deduction (and certain other limited deductions or adjustments to income) are made. MAGI limits are subject to annual cost-of-living adjustments (COLAs).

**What are the MAGI limits?**

The MAGI limits for a Roth IRA are used to determine if and how much you can contribute.

The MAGI limits for a Traditional IRA are used to determine if and how much you can deduct.

**When can I withdraw the money?**

You may withdraw money from either type of IRA at any time, subject to federal income tax. If you are under age 59½, you will also be subject to a 10 percent early distribution penalty tax on any taxable amount taken, unless you qualify for a penalty exception: death (beneficiary distributions), disability, certain health insurance costs, certain medical expenses, higher education expenses, first-time homebuyer expenses, birth of a child or adoption expenses, substantially equal periodic payments, IRS tax levy, qualified military reservist distributions, qualified disaster-related distributions, or distributions due to a terminal illness.

**Will I ever be required to withdraw the money?**

No. Roth IRA owners are never required to take distributions. After your death, however, your beneficiaries will be subject to required distributions (unless a spouse beneficiary treats the IRA as her own).

Yes. Traditional IRA owners are required to take annual minimum distributions beginning with the year they turn age 73 (or age 72 for those born July 1, 1949, to December 31, 1950, or age 70½ for those born on or before June 30, 1949). Your beneficiaries also will be subject to required distributions.
